

## CONFERENCE FEE

Cost of participation in the conference is equal: **1050 PLN**. Lower cost **750 PLN** is foreseen for students and for young people (up to thirty years). Cost comprises conference proceedings, coffee breaks, lunches, gala dinner and events program accompanying the conference. Conference fee does not comprise the hotel cost. Conference fee (as well as course fee) should be transferred on the following bank account:

SIMP Oddział we Wrocławiu

Bank Name: PKO BP S.A. we Wrocławiu  
Bank Address: PKO BP SA Oddział 22 Wrocław,  
ul. Zwycięska 9-23, 53-033 Wrocław

BIC(Swift): BPKOPLPW  
No. IBAN: PL 73 1020 5242 0000 2702 0166 8565

After registration an Organizer will send an invoice VAT within two weeks.

## EXHIBITION

Organizers provide an exhibition of the seal manufacturers. Typical exhibition booth will be offered to attending seal makers. Moreover, Organizers plan to publish a catalogue with the production programs of exhibitors. In terms of stand construction, please contact the Conference Office.

## CONFERENCE OFFICE

Applications for conference and/or courses, abstracts and papers should be directed on the following address:

SIMP Oddział we Wrocławiu  
ul. Piłsudskiego 74, p. 205, 50-020 Wrocław  
tel: +48 71 344 81 26

## FOREWORD

Sealing technology of machines and devices is nowadays self-contained, dynamically developed technical specialization. It embodies seals tribology, materials science, designing and exploitation of the seals.

Conference watchword „Tightness – criterion of the machines quality " is referred to protection of environment, to energy savings as well as to new approach of the seals design. Now, we design reliable and durable seals, we monitor leakage as well as the bolts tension in the flange connections. Conference organizers invite both seals manufacturers and users, scientists from technical universities and research centers and all these people interested with that specialization. Conference will be the forum of presentation of the latest achievements in the sealing technology and exchange of the technical conceptions.

## CONFERENCE SUBJECT

Conference subject concerns design, modeling and exploitation of all types of the seals. Organizers invite to submit the papers discussing the problems connected with exploitation of the seals, their monitoring, numerical modelling, new materials for seals, seals reliability and durability.

## CONFERENCE LANGUAGES

The papers will be presented in Polish and English (simultaneous translation). There may be used also Russian language if the group of Russian speaking participants will amount to, at least, 25 persons.

## CONFERENCE PROCEEDINGS

The papers will be reviewed and after qualification will be published in the conference proceedings. The most interesting papers may be additionally published in the domestic and foreign recognized journals. Publication of the papers should be preceded by the payment of the conference fee. There will be opportunity to present the company advertisings. The cost of one page amounts to 1000 PLN.

## SUBMITTING THE PAPERS

Authors are kindly requested to submit the titles and abstracts of the original papers (up to 500 words) not published before. Deadline for abstracts: **29th of February 2016** and for the full text of the paper: **30th of March 2016**.

Advertising materials and informations (presentation of the company or products) should be payed extra. The cost of such advertising is determined individually.

## APPLICATIONS

The application forms should be sent on the Conference Office address till **30th of March 2016**.

## CONFERENCE VENUE

The conference will be held at the Congress Center of the Wroclaw University of Technology in Wroclaw. Wroclaw with its universities, innovation parks and research centers is the meeting place of many specialists and experts of different professions. Wroclaw has excellent road, train and plane connections with Europe.

## COURSES

Traditionally, conference will be accompanied with two, five-hours courses to be held on **30th of May 2016**. The subject of these courses will be:

- Semi-metallic gaskets – development trends and applications.
- Coatings and modifications of the sealing surfaces by means of different technologies.

The course participants will get course materials as well as certificates confirming participation. The course fee amounts to **300 PLN** for one course. During the courses there will be no translation into foreign languages.

## ACCOMODATION

Conference participants should book the hotel individually. For your convenience we would like to recommend, from [www.bookig.com](http://www.bookig.com), some of hotels :

- Hotel Wodnik, ul. Na Grobli 28
- Hotel Piast, ul. J. Piłsudskiego 98
- Radisson Blu Hotel, ul. Jana Ewangelisty Purkyniego 10
- Hotel Tumski, Wyspa Słodowa 10
- Hotel im. Jana Pawła II, ul. Św. Idziego 2
- Qubus Hotel, ul. Św. Marii Magdaleny 2
- Hotel Lothus, ul. Wita Stwosza 22/23
